Basic Corporate Governance Policies [3-1 (i) (ii)] [4-2]

The Company's Management Principles and Management Strategies

Yamaha Motor's corporate objective is to be a “*Kando** creating company.” We aspire to offer new excitement and a more fulfilling life for people all over the world. To this end, we provide unique and high-quality products and services made available through our technology to interweave human logic with sensibility by continuously striving to achieve “the unique style of Yamaha Motor's engineering, manufacturing and marketing” aiming at creating “new, original and innovative ideas and messages,” “technology that creates joy and trust among customers,” “attractive designs to express Refined Dynamism,” and “power to build up a lifetime relationship with customers.”

We make ongoing efforts to gain recognition from our various stakeholders that “the unique style of Yamaha Motor” constitutes the “Yamaha” brand, and to make our products and services the lifelong preferred choice for stakeholders. We believe that these efforts will enable us to achieve sustainable growth and enhance our medium- to long-term corporate value.

We are carrying out measures to achieve sustainable growth and enhancement of corporate value under our Long-term Vision (ART for Human Possibilities : Let's strive for greater happiness), with an eye on the 2030 and the Medium-Term Management Plan that runs for three years from 2022.

In the new Medium-Term Management Plan, we have clarified the positioning of our businesses based on sales growth rate and return on invested capital (ROIC) to manage our business portfolio and appropriately allocate management resources.

Specifically, we will strengthen “the earning power of our core business”, invest in new and growing business that contribute to a more sustainable world, and accelerate digital initiatives and co-creation to boost our growth potential.

As the medium-term financial indicators, we will aim for capital efficiency and increase economic value by building a structure capable of generating a 15% level of ROE and a 9% level of ROIC. In the Medium-Term Management Plan, in addition, we will create social value by making sustainability a pillar, contributing to society with a focus on carbon neutrality, and by connecting people and thriving as company. We will enhance our corporate value by linking these economic and social values to raise our “YAMAHA” brand value.

**Kando* is a Japanese word for the simultaneous feelings of deep satisfaction and intense excitement that we experience when we encounter something of exceptional value.

Basic Views on Corporate Governance

To ensure the implementation of the Company's growth strategies for the future, Yamaha Motor's Board of Directors establishes an environment that supports management's appropriate risk-taking and decisive decision-making activities, and multilaterally understands and appropriately oversees issues and risks associated with the implementation of the Company's management strategies from the viewpoint of fulfilling responsibilities to various stakeholders including shareholders and investors.

This structure is designed to implement speedy and decisive decision-making, and appropriate, transparent and fair supervision and monitoring as the Company's corporate governance. Accordingly, we formulate the following corporate governance guidelines and put them into practice in an appropriate manner.

<Corporate Governance Guidelines>

- Chapter 1 Ensuring shareholders' rights and equality, and basic views on dialogue with shareholders
- Chapter 2 Appropriate collaboration with various stakeholders
- Chapter 3 Appropriate information disclosure and ensuring transparency
- Chapter 4 Responsibilities of the Board of Directors, etc.

- Attachment 2 Policies to promote constructive dialogue with shareholders

(Chapter 1)

Ensuring shareholders' rights and equality, and basic views on dialogue with shareholders

1-1. Ensuring shareholders' rights and equality [1] [1-1 (3)]

We treat all shareholders equally based on the class and number of shares held by them. We provide sufficient consideration for the exercise of rights allowed for minority shareholders.

1-2. Basic views on dialogue with shareholders [5]

To facilitate effective and constructive dialogue with shareholders and investors, we are actively engaged in dialogue, led primarily by the President and Representative Director, the Director who manages corporate planning & finance, and the division in charge of IR and SR. These activities include individual meetings and briefing sessions (including online briefing sessions) for shareholders and investors, which are held in a systematic manner in Japan and overseas. Opinions, inquiries, and other information obtained through these activities are shared with the management and Directors (including Outside Directors).

The Company also utilizes the results of periodic shareholder surveys and related efforts to monitor the sufficiency of information disclosed and appropriateness of the method of explanation for fostering continuous dialogue.

We also develop disclosure policies for the management of insider information and take appropriate measures based on those policies.

1-3. General Meeting of Shareholders [1-1] [1-2] [1-2 (1)] [1-2 (2)] [1-2 (4)]

Yamaha Motor endeavors to create an environment that enables all shareholders to appropriately exercise their voting rights upon due consideration of agenda items of the General Meeting of Shareholders.

Agenda items of the General Meeting of Shareholders that are deemed to require a sufficient period of consideration for shareholders are posted on the websites of the Tokyo Stock Exchange and the Company in a prompt manner after they are resolved by the Board of Directors. The notice of convocation for the Ordinary General Meeting of Shareholders is dispatched at least three weeks prior to the meeting date. The notice of convocation is also posted, along with its English translation, on the websites of the Tokyo Stock Exchange and the Company prior to the day on which the notice is dispatched.

1-4. Basic capital policies [1-3]

In the Medium-Term Management Plan, the Company allocates resource for building business foundations and our core and strategic businesses and fulfilling for shareholder returns. The main target figures are as follows and we will bolster for realization.

- (1) Under the Medium-Term Management Plan, we aim to target capital efficiency as a 15% level of ROE, a 9% level of ROIC, and a 10% level of ROA (all three-year averages; ROA is

calculated based on operating income).

- (2) Regarding shareholder returns, the Company will emphasize making consistent and ongoing dividend payments while taking into consideration the outlook for business performance and investments for future growth. We will flexibly return profits to shareholders in accordance with the size of cash flows, with a target total return ratio of 40% for the cumulative period of the medium-term management plan.
- (3) As a guideline to build a stable financial base, we aim to achieve an equity ratio of 45% or higher.

1-5. Cross-shareholdings [1-4]

- (1) Basic policies on cross-shareholdings

Yamaha Motor intends to hold shares under cross-shareholdings when it is deemed necessary and appropriate in order to enhance corporate value and achieve a medium- to long-term growth.

The Board of Directors annually examines each cross-shareholding to determine whether the significance of shareholdings is appropriate and the Board of Directors appropriately discloses a summary of the results. In addition, Yamaha Motor upholds a policy to reduce cross-shareholdings if the shareholdings cannot be justified.

- (2) Shareholdings of Yamaha Corporation

Yamaha Motor was established by spinning off the motorcycle division from Nippon Gakki Co., Ltd. (current Yamaha Corporation). Today, the two companies' management is conducted separately, with both using the same "Yamaha" brand. We are undertaking various measures in collaboration with Yamaha Corporation through the "Joint Brand Committee" and under the "Yamaha Brand Charter" and "Joint Brand Regulations." Both companies appropriately monitor measures for mutual sustainable growth through shareholdings and dispatching Directors. We believe that maintaining and improving the shared value of the "Yamaha" brand by building a monitoring and collaborating relationship with Yamaha Corporation will contribute to the medium- to long-term enhancement of Yamaha Motor's corporate value.

- (3) Basic policies on exercise of voting rights

Yamaha Motor does not take a uniform approach in determining whether to approve or disapprove when exercising voting rights associated with cross-shareholdings; instead, it thoroughly examines and discusses whether the decisions contribute to the medium- to long-term enhancement of corporate value of the issuing company, and comprehensively assesses potential damage to its own corporate value. We may request further explanations on agenda items when necessary and make decisions on approval or disapproval.

We exercise particular caution in examining and discussing our decision to exercise voting

rights in the following situations.

- Continued poor business performance;
- Concerns over governance are confirmed, such as scandals; and
- Other situations in which the corporate value of the issuer or Yamaha Motor may be damaged.

1-6. Related party transactions, transactions with competitors, and transactions involving any conflict of interests [1-7] [4-3]

When carrying out related party transactions, transactions with competitors, and transactions involving any conflict of interests, we set out appropriate procedures according to the degree of importance and the nature of those transactions as per the Board of Directors' Rules and the Decision-making Rules, etc. The Board of Directors deliberates upon and resolves these transactions to protect the interests of the Company and all of its shareholders. The status of transactions is reported to the Board of Directors, which is in charge of monitoring said transactions.

(Chapter 2)

Appropriate collaboration with various stakeholders

Yamaha Motor has consolidated subsidiaries and equity-method affiliates in approximately 30 countries and regions. About 90% of our consolidated net sales are generated overseas. The Company's development, procurement, production, and sales activities have expanded globally, and our products are sold in more than 180 countries and regions. We need to be well aware that our sustainable growth and medium- to long-term enhancement of corporate value are greatly supported by the resources and efforts provided by all stakeholders, namely, customers, employees, business partners, communities, the greater society, and the global environment that interact with Yamaha Motor worldwide.

We have been sharing the brand slogan "Revs your Heart," adopted in 2013, with Group employees around the world. "Revs your Heart" has the meaning of "uplifting and exciting your heart just like revving up an engine." The slogan is trying to convey the Group's strong wish to provide exceptional value and experiences that enrich the lives of its customers by exceeding the expectations of all stakeholders. To this end, we think very carefully about what "the unique style of Yamaha Motor" means in our overall operations including planning, development, production and sales, and place great importance on the spirit of challenge.

2-2. Putting Code of Ethics into practice [2-2] [2-2 (1)]

Yamaha Motor has formulated the "Code of Ethics," which describes topics including appropriate collaboration with stakeholders, respect for their interests, and sound business activity ethics, and shares these with our subsidiaries. Directors, Executive Officers and employees always act in

accordance with the “fair and honest business” and “rules on business activities” provided for in the Code of Ethics in daily activities, so that we can continue building a corporate culture that can strengthen the trust of society.

The Board of Directors periodically reviews whether the Company’s corporate culture has been established in a way that respects the objective and spirit of the Code of Ethics, and confirms the degree of awareness of and compliance with the Code throughout the Company’s business activities in Japan and overseas.

2-3. Handling issues concerning sustainability [2-3] [2-3 (1)]

Yamaha Motor contributes to solutions to issues that involve realizing a sustainable society in a variety of countries and regions by utilizing its businesses and human resources, tangible assets and know-how built through its business operations. At the same time, we aim to be a sustainable company, as a member of the global society.

Therefore, under the Group-wide “Basic Policies of Sustainability,” we position “environment and resources,” “transportation, education and industry,” “innovation” and “human capital management” as important social issues that require the attention of Yamaha Motor in the medium- to long-term growth strategies in order to achieve SDGs, which are internationally agreed components. We also set the KPIs associated with goals of each business and take the lead in seizing growth opportunities.

In particular, in the area of environmental conservation activities, we have established the Environmental Plan 2050 and are working in the areas of climate change, resource recycling, biodiversity, and management to achieve carbon neutrality throughout all of the life cycles by 2050.

Meanwhile, we believe that dealing with social issues is an important part of risk management. We have signed the UN Global Compact, and we appropriately deal with global risks that impede sustainability by practicing the principles of “human rights,” “labor,” “environment” and “anti-corruption.”

We properly disclose information so that our stakeholders can easily obtain information on these initiatives.

The Board of Directors formulates policies on dealing with issues concerning sustainability and regularly reviews their implementation status.

2-4. Ensuring diversity [2-4] [2-4(1)]

To ensure sustainable growth, Yamaha Motor places importance on incorporating various perspectives and values reflecting different experiences, skills, and attribution. Therefore, we aim to secure diverse human resources.

To this end, we have established a Global Human Resources Development Division at the corporate headquarters to implement globally common, training programs to develop senior management and to adopt a global human resource system designed for developing and appointing individuals with a competitive edge. We also work on creating an organization that can effectively make use of global

experience and knowledge.

To facilitate global management, we promote talented individuals for senior management positions regardless of gender, age, nationality, background, or any attributes. With regard to management executives at overseas subsidiaries in particular, we actively promote local talent, aiming to attain a localized ratio of 55%. At the same time, we strive to develop headquarters talent on an ongoing basis, to create an organization that can maximize management potential by mutually complementing experiences and skills with locally developed talent.

In addition, to promote career development for women, we set and promote a target of 13% for the ratio of women in management positions at headquarters and overseas subsidiaries by the end of 2024.

Furthermore, we will promote people the appointment of career hires at the headquarters to management positions based on their characters and abilities, regardless of the type of employment.

2-5. Whistle-blowing systems [2-5] [2-5 (1)]

Yamaha Motor has established a Compliance Hotline to which employees, etc., can report any unlawful behavior or violations of the Code of Ethics or other internal guidelines (including harassment) that may result in harming trust in the Company. The Compliance Hotline is established in an external third-party organization so that employees can report any unlawful behavior or conduct without worrying about risk of being treated unfavorably and also has a system that Audit & Supervisory Board Members can directly collect information.

The Board of Directors carries out a review on the implementation status of these whistle-blowing systems on a regular basis.

2-6. Roles of Corporate Pension Funds as Asset Owners [2-6]

Yamaha Motor manages its pension assets through THE PENSION FUND OF YAMAHA MOTOR. In order to ensure the stable management of pension assets, the Fund has formulated a “Basic Policy on the Management of Pension Assets.” In accordance with this policy, Yamaha Motor carries out initiatives based on the guidelines of the Ministry of Health, Labour and Welfare, including reporting to the Conference of Representatives on the selection of fund managers and the results of evaluations.

In managing the pension assets, the Fund, in an effort to maximize benefits of beneficiaries, consults with the Asset Management Committee comprising members selected from employers and representatives of the beneficiaries with appropriate qualifications for the management of pension assets, upon hiring asset management consultants and considering their recommendations.

3-2. External Accounting Auditor [3-2] [3-2 (2)]

Policies to promote constructive dialogue with shareholders [5-1] [5-1 (1)] [5-1 (2)]

1. Systems for managing dialogue with shareholders

To enhance dialogue with shareholders and investors, the division in charge of IR and SR is set up within the Corporate Planning & Finance Center. The President and Representative Director serves as the responsible person in charge of dialogue, and the Director who manages Corporate Planning & Finance Center serves as the officer in charge.

This dedicated division works in cooperation with divisions in charge of each theme to establish a structure that can provide beneficial information to shareholders and investors.

When shareholders and investors have personal requests, the President and Representative Director, Directors, Audit & Supervisory Board Members, and Executive Officers set up an interview with them to the extent possible, taking into account factors including the purpose of the interview, the degree of importance and the party requesting the interview.

2. Policies on collaboration with internal divisions, etc., assisting dialogue with shareholders

To engage in rational and smooth dialogue with shareholders and investors, the division in charge of IR and SR takes the initiative in collaborating with related divisions, sharing information and knowledge, examining the direction of dialogue, and preparing disclosure materials.

3. Measures to enhance methods of dialogue other than individual interviews

Financial results briefing sessions are held on a quarterly basis for the press, analysts, and institutional investors. In addition, briefing sessions to explain Yamaha Motor's medium- to long-term management strategies, business operations and products, and other important topics, are held as necessary.

We strive to carry out favorable communication with shareholders and investors overseas through various means including individual visits and briefing sessions for overseas investors.

We endeavor to carry out comprehensible communication with individual investors through measures including participation in events sponsored by newspaper publishers and securities companies, briefing sessions for individual investors, and dedicated website pages for individual investors.

4. Sharing information including opinions from shareholders with the management

Opinions, inquiries, and other information obtained from shareholders and investors through dialogue is collected and sorted by the IR and SR Division, then shared with the management and Directors (including Outside Directors). In addition, the officer in charge strives to share information with the Board of Directors, Executive Committee, and other individuals and committees as necessary.

5. Insider information management

Yamaha Motor separately formulates disclosure policies on insider information management, based on which it fully enforces fair disclosure and takes appropriate actions.

We refrain from having dialogue concerning financial results during the period between the following day of the end of each quarter period and the date of release of financial results (“silent period”).
